CAMPING FAQs

Primitive Camping We keep it hippie at Copperhead. Primitive camping is FREE with weekend festival passes. What does that mean? No electricity or water. We have an onsite shower house with restrooms and many portable restrooms located throughout the campgrounds. What determines where you camp? We have reserved space for our community campgrounds. These are Themed Community Campers who have submitted rosters and prepaid for those spaces. They are competing for prizes for best decorated themed campsite. You can camp anywhere your heart desires except for this reserved space. But no matter where you camp, you're close to bathrooms, water and security. Furthermore, we know from experience that amazingly great times are had in every corner of the campgrounds.

Do I HAVE to sleep in a tent? As long as you're within the campground area, you can sleep in a tent, in your car, in a hammock, etc. You do you. Please be mindful of safety if you choose to sleep in a vehicle NEVER sleep in a running car. And always be mindful of where your car exhaust is and make sure it is never venting into an enclosed area like a neighbor's tent.

Who's allowed in the campgrounds? Anyone with a valid Harvest Fest wristband (i.e. ticket to the festival) is allowed in the campgrounds

Can I bring a guitar? Instruments? Yes, but please be mindful of your neighbors. No renegade stages unless pre-approved by Harvest Fest staff

Can I bring a UTV, golf cart, bike, scooter, etc.? Yes, these must be permitted at the ticket office for \$10 but will not be allowed in the festival area. Trails may be accessed but be mindful of the campers and maintain a slow speed when riding in areas with a lot of festies.

Campground vendors? There will be food vendors and merch vendors in the festival area. No vending in the campgrounds is permitted.

Can I start a fire? Yes, permitting there is not a burn ban in place. Please keep the firepit in the grass area of the campgrounds and out of the wooded areas. You may gather as much kindling as you wish from the wooded areas, no chopping trees.

Are we allowed to bring generators? Yes, a generator pass must be purchased for \$25 and the campsites are in the back of the campground

Are we allowed to use a gas or charcoal grill? Yes, permitting there is not a burn ban in place.

RV FAQs

RV sites are first come first serve. The early bird gets the worm am I right??
Hookups/Dumping areas? There will not be any hookups/dumping areas on site. We can fill your water tank if needed. Contact Harvest Fest staff if you need assistance. However, there is a dump site at Spavinaw State park less than a few miles down the road. RV sites are electricity only.

RV power & electricity? Because there are different size RVs that require different power to operate, we only have 30 Amp (110 volt) available.

You must provide your own connector for the spot you purchased.

Once your RV is parked, it will not be allowed to move until the festival is over.

If I am coming with friends can I camp next to their RV? Yes!
